

## Tyler Newitt

UNLP Program Lead

Tyler Newitt serves as the program lead for the University Nuclear Leadership Program (UNLP) Scholarship and Fellowship processes as well as the Innovations in Nuclear Research and Development Student Competition (INSC). He also supports the review coordination efforts for other NEUP programs including the Consolidated Innovative Nuclear Research (CINR) Funding opportunity. Newitt took on his role leading the student programs with the goal of helping to support the next generation in the growing nuclear energy community.

Newitt has both a Bachelor of Science and a Master of Science in mechanical engineering from Embry-Riddle Aeronautical University. He joined the Integration Office in 2022 after several years working as a mechanical engineer in the automotive industry.
