

Pamela Rich

Peer Review Specialist, Innovative Nuclear Research – Integration Office

Pamela “Pam” Rich functions as the program lead for the Consolidated Innovative Nuclear Research (CINR) Funding Opportunity Announcement (FOA) and the Distinguished Early Career Program (DECP). Her role as lead involves coordinating review tasks and technical review assignments. Providing clear and informative content for applicants and reviewers, in a timely manner, is a high priority for her to ensure a positive and valued experience.

Before taking the program lead for CINR, she was the program lead for technical review activities of the Small Business Innovative Research (SBIR) FOA. Rich joined the INR-IO at Idaho National Laboratory as a Peer Review Specialist in 2021.

If you have any questions about CINR or DECP, contact [Pam Rich](#) or visit the [NEUP website](#).
